Pinnawela-Begun in 1972, the Elephant Orphanage at Pinnawela is a remarkable project created to protect abandoned or orphaned wild elephants who would not otherwise have survived in the wild. Relocated to the present size in 1975, today it has grown to become one of Sri Lanka's key attractions. The elephants roam free within the sanctuary – and the highlight of their (and the visitors') day is the feeding sessions and when they are led down to the river for a bath. From the banks of the river you can watch these gleeful herds of elephants splashing around freely on the river.

Day 03 – Sigiriya – Minneriya - Sigiriya

Breakfast at the Hotel

In the morning you will climb the “Sigiriya” the Lion Rock a UNESCO world heritage site, the unique icon of Sri Lanka. A testimony to the inventiveness of the ancient civilisations of the land, the once impenetrable stronghold of King Kassapa, ‘Sihagiri’ or Lion’s Rock as it was called then, is considered to be the 8th wonder of the world today. The feats of artistry, architecture and engineering at Sigiriya continue to impress visitors with their utter magnificence, even thousands of years on. Intricately landscaped pleasure gardens sprawl out below the rock, giant lion paws hewn in stone mark the entrance to the fortress at its foot, a highly polished mirror wall still carries the scrawled writings of ancient poets. A somewhat treacherous climb up the rock is well worth it to see the impressive ruins of a once glorious city at the summit – 370m high. And the 360-degree view from the top is equally astounding. - **OPTIONAL AUD 49 per person**

Lunch at local restaurant (at own expense)

The evening safari takes you on an exclusive ride through the **Minneriya National Park** which is highly famous for its elephants and wildlife. Minneriya National Park is home to one of the most spectacular natural events in the world – the Elephant Gathering, sometimes you will see up to 300 majestic Asian elephants. Visitors can also look forward to sighting of other mammals such as Sambar, and Sri Lanka’s two endemic species of monkey, the Purple-faced leaf monkey and Toque Macaque. Although rare, there have been sightings of the Sri Lankan Leopard and Sloth Bear as well as the Gray Slender Loris. The Minneriya National Park is also an ideal location for bird watchers as it attracts many endemic and migrant species. Large flocks of birds are a common sight, especially water birds such as Cormorants, Pelicans, Painted Stork and Lesser Adjutant Stork.

Hidden away high in the central mountains at an altitude of over 6000 feet, Nuwara Eliya is the resort capital of the hills – and a world away from the hot tropical beach atmosphere of the coast, not just in climate but in its character too. The British planters who flocked to the region to grow tea in the mid-19th century developed Nuwara Eliya as their summer retreat. Created as an exact replica of an English town it is often called ‘Little England’; and with its primarily colonial architecture, the stately Victoria Park, golf course, racing track, boating lake and grand period style hotels – and the cold, frequent showers of rain adding to the illusion, you could well be in an old English country town. This is the heart of the tea country, and is also a good base for excursions to discover other attractions of the hills.

Evening free time to walk around Gregory Lake.
